8.3	<b>Capital Fund Financing Program (CFFP).</b> <input type="checkbox"/> Check if the PHA proposes to use any portion of its Capital Fund Program (CFP)/Replacement Housing Factor (RHF) to repay debt incurred to finance capital improvements.				
9.0	<b>Housing Needs.</b> Based on information provided by the applicable Consolidated Plan, information provided by HUD, and other generally available data, make a reasonable effort to identify the housing needs of the low-income, very low-income, and extremely low-income families who reside in the jurisdiction served by the PHA, including elderly families, families with disabilities, and households of various races and ethnic groups, and other families who are on the public housing and Section 8 tenant-based assistance waiting lists. The identification of housing needs must address issues of affordability, supply, quality, accessibility, size of units, and location. Persons on fixed incomes and government subsidies are increasingly looking for affordable housing in the Round Rock area. Even though a person on fixed income can afford the monthly rent, they cannot qualify for many of the low-income housing units due to the requirement to have income that equals or exceeds the rent by x2. There is also a growing need in our community for housing programs that meet the needs of the persons with disabilities, especially mental disabilities. The housing authority partners with the community to identify and update our list of known resources in order to make available this information to those in need.				
9.1	<b>Strategy for Addressing Housing Needs.</b> Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year. Note: Small, Section 8 only, and High Performing PHAs complete only for Annual Plan submission with the 5-Year Plan.				

**Additional Information.** Describe the following, as well as any additional information HUD has requested.

(a) **Progress in Meeting Mission and Goals.** Provide a brief statement of the PHA's progress in meeting the mission and goals described in the 5-Year Plan.

To meet our goal to expand the supply of assisted housing, the housing authority seeks to increase rental vouchers by applying for additional vouchers as programs become available. The housing authority administers over 200 vouchers.

To meet our goal to improve public housing units the authority has completed painting of 13 buildings at 1007 Cushing Drive. The housing authority completed several foundation repair projects in 2013-2014 and the replacement of underground gas lines at Lance. Other improvements included fence and concrete patio repair. As part of our improvement process, the authority continues to replace water heaters, toilets and appliances as needed with more energy efficient appliances during renovation and make-ready activities.

To meet our goal to promote self-sufficiency, the housing authority administers the family self-sufficiency program and offers a summer learning enrichment program along with its after school program during the school year. The housing authority continues to partner with several local agencies, faith-based organizations, the school district and the City in order to bring resources to our residents.

2015 Proposed Activities:

- Implement the cost-saving measures in the FY2014 Omnibus Act. In a series of cost-savings measures, the Act includes three changes that directly impact PHAs that administer Housing Choice Voucher Programs including: (1) enabling biennial HQS inspections and allowing the use of alternative Federal inspection standards to reduce duplication, (2) changing the definition of "extremely low-income" to apply to families with incomes that are the higher of 30 percent of the area median income or the federal poverty level, and (3) linking utility allowances to the authorized voucher size of the family rather than the size of the unit leased. The change to inspections would allow PHAs to realize administrative savings, while the changes to income-targeting and utility allowances impact HAP expenditures. The housing authority will examine the potential impact of these policy changes and prepare for implementation.
- Development of the HUD required physical needs assessment.
- Research additional options to expand the supply of assisted housing. In October 2013, the housing authority opened the public housing waitlist. The housing authority process over 450 applications. This supports the need for affordable housing in our area.
- Investigate the replacement of water/sewer lines at Lance.
- Apply for additional grant funds as they become available including the Family Self-sufficiency and ROSS program grants.
- Improvement the housing authority image in the community; improve both customer and board communications and relationships.

(b) **Significant Amendment and Substantial Deviation/Modification.** Provide the PHA's definition of "significant amendment" and "substantial deviation/modification"

The PHA's definition of a "Significant Amendment" is an amendment that changes the meaning of the Mission Statement; or changes the planned goals or objectives of the PHA. A significant amendment would include a change in the financial resources in excess of \$750,000.00; a change to the waiting List Organization or Admission Policies. Changes to the Annual Plan may be made without undertaking a comment process if such change is made in response to a change in the Governing Regulations. If such a change should occur, it will be presented in the next Annual Plan.

The PHA defines "Substantial Deviation" as a course of action that is not consistent with the Mission Statement; or a course of action that is inconsistent with the planned goals and objectives of the PHA.
