

ROUND ROCK HOUSING AUTHORITY

Changes to RRHA Parking & Towing Policy

November 1, 2017

TO: All RRHA Residents

Over the past years we have experienced overcrowding of parking by unauthorized vehicles at some of our properties and in order to maintain a safe environment for our residents, we are updating our Parking & Towing Policy.

The proposed effective date for the RRHA Parking and Towing Policy is **December 20, 2017.**

The purpose for this Parking Policy is to define the parking rules and regulations for all housing properties owned by Round Rock Housing Authority (RRHA). Realizing the limited number of available parking spaces in all of our properties, this policy is established to:

1. Better meet the parking needs of RRHA residents and staff;
2. Make parking safer for all our residents and visitors;
3. Insure the availability of parking for residents who meet the requirements as set forth in the policy;
4. Address the following parking concerns of RRHA:
 - Residents and/or their guests parking on grass, under clotheslines, on sidewalks or porches, in fire lanes, blocking sidewalk ramps or fire hydrants, or in other unacceptable areas;
 - Commercially-owned and other non-resident owned vehicles parking on premises without authorization;
 - Unregistered vehicles parked on RRHA property; and
 - Vehicles not meeting requirements for valid safety inspection, automobile registration, etc.

In accordance with federal regulation we will hold a 30-day public comment period beginning on **November 1, 2017 and ending on November 30, 2017.** During the comment period, the proposed RRHA Public Housing Parking and Towing Policy will be posted at each Development's Community Center, the RRHA Administrative Office, and the RRHA website (www.roundrockha.org).

Comments after November 30, 2017 will not be accepted. Comments must be in writing and must be provided as follows:
