

Spring Break is Here!

We all know that spring break can be hectic for parents. We ask that you still monitor your kids so that they don't get too rowdy and rambunctious. We know that it can be hard to find ways to keep your kids entertained. Here are some free admission events that you may want to check out. One example is the Alliance Children's Garden, where your kids can play and explore, It is also free. Another example is every Friday and Saturday THE GOOD LOT has free live music for all ages. These are some of the many that are going on during spring break.

Thank You!

The Round Rock Housing Authority would like to thank the Round Rock Women's Club for the Senior Resident Luncheon. They provided lunch for Valentine's.

They have been providing luncheons to Round Rock Housing Authority seniors for more than 25 years. Luncheons are cooked and served by the volunteers and are always delicious.

Community Garden

The Round Rock Housing Authority is planning to start a spring garden at Cushing, and we are looking for volunteers to help plant and maintain it as well as ideas on what type of plants we should grow in our community garden.

We are hoping that this garden can help bring the community together and prompt a healthier lifestyle. We expect to begin in March.

Please contact Rose at (512) 255-9159 ext. 209 if you are interested.

Only Those who work in the garden will be eligible to get free vegetables.

New Pest control

The Round Rock Housing Authority is looking to change to a new pest-control company and is in the process of selecting one. Will inform residents at a later time when one is selected.

Parking Pass

Residents should request a parking pass for all registered and insured vehicles in working condition. Any vehicle that doesn't have a parking pass will be towed. All nonrunning cars with expired tags will be towed as well as cars that are parked in employee parking. Towing will begin on **March 01, 2024**.

No Assigned Parking

The Round Rock Housing Authority would like to remind residents that the housing authority does not have assigned parking at our properties. Any cones placed in parking spots will be disposed of.

Thank you for the Blankets.

We would like to say thank you to the generosity of the Law Offices of Glen F. Larson. With their generous donation, we were able to purchase blankets for all our senior residents and bikes for some of the resident's children.

Maintenance

We ask that if you have maintenance requests, please submit them no later than 2 pm. If for any reason we need to find a contractor because maintenance cannot fix it or it's too big of a job for them to handle then finding a contractor is harder the later in the day it becomes. Costs for repairs are also more expensive.

We are fortunate to have new maintenance men on staff, Colby, Edgar, and Gerardo. They have been doing a great job of maintaining the lawns, completing work orders, and getting units ready for occupancy once they are vacated. It is a challenge to do all this work. If you get an opportunity to thank them for their hard work. Please do so remember we can only do repairs if you call in a work order. They cannot make repairs unless they get a work order.

Introducing Staff

The Round Rock Housing Authority would like to take this time to introduce our staff so that our residents can be informed about who works for the housing authority.

Executive Director: Ebby Green

Administration: Bradley Livengood

Help Keep Our Communities Clean

We at Round Rock Housing Authority would like to ask our residents to help keep our communities clean. RRHA asks that residents not throw trash on the ground and to please put trash in one of the many bins on the properties or put it into your own trash can. We also ask that you not leave toys, bikes, furniture, or other items in the yards. This would be a big help when we mow.

We also would ask that you remove all extra items from your porches. The RRHA would like to remind residents to clean up their dog's poop because no one likes to step in dog poop.

The only thing that should be on your porch is actual patio furniture. No other items such as boxes, old appliances, couches, etc. should be on your porch. By doing this it will help to keep rodents and bugs away and keep our communities clean.

Thank You! See You Next Time!
